Recommendation 1

3.51 The committee recommends that the Central Land Council and the Northern Land Council provide regular training and support to senior staff and Board members to enable them to better meet their responsibilities to the Senate and its committees through understanding Senate procedures, and that senior officials of both the Central Land Council and Northern Land Council undertake training organised by the Senate Procedure Office at the earliest opportunity.

Response:

The Government supports this recommendation. Senior staff from the Northern Land Council and the Central Land Council (the Land Councils) have undertaken training provided by the Senate Procedure Office. It is the intention of the Land Councils to incorporate this in their training programs for senior staff to ensure that they continue to be supported in meeting their related responsibilities.
