

The Indigenous Business Sector Strategy

What the Indigenous business sector and its ecosystem partners have told us

- Better Business Support**
- Improved Access to Finance**
- Stronger Connections and Networks**
- Harnessing Knowledge**

	First three years	Second three years	Third three years
	Indigenous voices informing, guiding and leading the future of the sector		
Laying the Foundations Building the structures to provide support and services needed at all stages of the business life-cycle			
Learning and Innovating Evolving the support and financial systems to flex with a growing and changing sector			
Growing and Thriving Creating an environment where businesses start up, stabilize, and entrepreneurial pipeline is thriving
